# Welcome to my Homepage

**Here I will collect the things I know or find out.**

**I'll write about Ubuntu/Arch Linux, Windows, Bash and Perl Scripting, Virtualisation and whatever else that could be interesting.**

**All I'm going to write here is tested by myself. I don't give a warranty of the functionality on other systems.**

If there are questions, suggestions or something else feel free to send me an mail.

I'm also a hobby photographer, for a link [here](#)
